Support answer: 3.7 Privacy Protection

Topic: Privacy Policy: Systems/ Procedures

Report Year: 2025

BJC places strong emphasis on information security by implementing an Information Security Management System (ISMS) in accordance with the ISO/IEC 27001 standard. This framework enables the Company to systematically identify, assess, and manage information security risks while ensuring the confidentiality, integrity, and availability of critical information assets.

To strengthen its cybersecurity posture and align with evolving global best practices, BJC has upgraded its Information Security Management System to the ISO/IEC 27001:2022 standard. This latest version enhances the Company's ability to address emerging cyber threats, comply with updated security requirements, and reinforce the protection of information for customers, business partners, employees, and other stakeholders.

To guarantee that our personal data protection policies comply with applicable laws and regulations, BJC undergoes security and data privacy audits in accordance with ISO 27001, which ensures compliance with personal data protection requirements.
