

**Quality Management System Certification**

**Support answer: 1.10 Product Quality & Recall Management**

**Topic: Product Quality Programs**

**Report Year: 2024**

At BJC, safety and quality are defined as the comprehensive and cumulative characteristics of a product that enable it to consistently meet or exceed the specific requirements and expectations of customers and end users. All BJC products must be safe for consumers and users when used as intended or under reasonably foreseeable conditions.

The factories within the BJC Group have been certified in accordance with international standards, including ISO 9001:2015 Quality Management System and relevant product safety standards, such as GHP, GMP, and HACCP, among others, covering the following Business Units:
